**DRIVERS MUST**  
**CHOCK TRUCKS!**

The diagram illustrates two scenarios. In the top scenario, a forklift is positioned behind a truck labeled 'CHOCK TRUCKING COMPANY'. A yellow arrow points to the rear wheels with the text 'PROPERLY CHOCKED REAR TRAILER WHEELS'. In the bottom scenario, a forklift is positioned in front of a truck labeled 'NO CHOCK TRUCKING COMPANY'. A red arrow labeled 'FORWARD' points towards the truck, and a red 'X' is placed over the forklift's path, indicating this is an unsafe practice.

**"DO NOT DRIVE FORKLIFT ONTO TRUCK UNTIL IT IS CHOCKED!"**
