**BUS DRIVER
OPERATIONS POLICY** 

A. Vehicle Operation

Vehicle check inside the bus.
A bus driver is not, under any
condition, to drive a bus that is
not considered safe in every respect.
The bus driver must make a survey
of the mechanical condition of each
bus he or she drives each day.
The daily survey Driver Maintenance
Check consists of the following:

1. Start Engine
2. Turn your running lights on so we will
know your bus is started.
3. Move up for three to five minutes.
4. While engine is warming, the driver
completes Pre and Post Trip Inspection.

**B. Pre and Post Trip Inspection both A.M. and P.M.
routes from inside the bus:**

1. Oil pressure up; 2). Air pressure up; 3). Alternator (chargings);
- 4). Flare/waterpump (charge); 5). First aid kit complete; 6). Insurance card
valid; 7). Windshield wipers, a. right, b. left

C. First walk around check:

- | | | |
|----------------|---------------------|----------------------|
| 1. Headlights: | 2. Turn indicators: | 3. Clearance lights: |
| a. right | a. right-front | a. front |
| b. left | b. right-rear | b. side |
| | | c. rear |

D. Second walk around check:

- | | | | |
|---------------------|-----------|--------------------|--------------------|
| 1. Turn indicators: | 2. Tires: | 3. Emergency door: | 4. Flasher lights: |
| a. left-front | a. top | a. fastened | a. front and |
| b. left-rear | b. flat | b. locked | b. rear and |
| | | | c. normal |
